FEDERATION CANADIENNE POUR LA SANTE SEXUELLE**

**FIRST PRINCIPLES FOR MEMBERSHIP
STANDARDS FOR MEMBERSHIP**

To ensure that each member of the Canadian Federation for Sexual Health (CFSH) is working toward consistent goals and has optimum standards of excellence, the CFSH Board of Directors has put forward the following first principles for CFSH membership:

GOVERNANCE

Members are non-governmental and not-for-profit organizations in the Province or Territory in which they work.

The constitution of the organization will allow for reasonable tenure of board members and an inclusive, fair and impartial process for the selection, management and termination of staff and volunteers.

Members support the values, policies, goals and objectives of the Federation. Although each member may have distinct goals and activities, the approach to governance will be consistent with the Vision and Mandate of the International Planned Parenthood Federation, and the Vision, Mission, Mandate and Position Statements of the Canadian Federation for Sexual Health.

PHILOSOPHY AND BELIEFS

CFSH members work in a pluralistic democracy and therefore are not affiliated with any religion or political party. We do not discriminate on any basis, including sexual orientation, gender, class, race, religion, ability, health or HIV status, age or political belief. We are committed to involving our clients in the activities of the organization.

CFSH members are committed to informed choice, accurate information and resources, and unbiased counselling under all circumstances. Affiliate members promote and uphold sexual health rights and offer a full range of contraceptive and sexual and reproductive health choices and pregnancy options, including abortion, through education and/or clinical services.

All options, accurate information and resources are provided without prejudice. We do not use fear as a basis for sexuality education. CFSH members promote healthy sexuality as a pleasurable and positive experience.
